

HOW TO BRUSH OIL SPILLS INTO THE DUSTBIN

Even the most professionally run kitchens, hotels and restaurants are not immune from accidents. Olive oil spilt anywhere, especially where people are walking about, is a recipe for disaster and an expensive disaster at that.

Ross Eliminator Absorbent will clear up the mess in seconds and it can all be brushed away. Ross Eliminator contains millions of oil eating bugs that are totally eco friendly, completely safe to use in any kitchen, bio degradable and non-hazardous in any way. Seeing is believing and you'll never go back to a bucket and mop, that's for sure, so contact Ross for a demonstration now.
